COLLECTING RECYCLED ITEMS FOR OUR SPARKABLES ART STATION

One of our most open-ended, hands-on stations is our Sparkables Art Station. Students begin with design, imagining their own creation with pencil and paper. Then, they use recycled items to bring their ideas to life.

In preparation for this station, help your child collect recycled items that they can use for their creations. Please send found and recycled items in on the first day of camp. Below is a list of suggestions.

SUGGESTED RECYCLED ITEMS

- Lids, containers, caps, corks, CDs
- Fabric, buttons, rubber bands
- Cardboard, shoe boxes
- Miscellaneous paper (craft, newspaper, magazines, etc.)
- Paper towel and toilet paper tubes
- Bubble wrap, egg cartons, packaging material
- Yarn, string, cord, twine
